

THE NEXT GENERATION OF VENTURE CAPITAL

Organization & Community Guidelines

Last Updated: June 2026

ABOUT NXTVC

NXTVC is a national community for pre-partner venture capital investors, designed to facilitate connection, foster professional development, and support the next generation of change-makers.

Successful GPs often credit their trajectory to a robust network of peers and operators who provided support during their early years. NXTVC serves as that bridge. We provide both a digital and city-based network for VCs to build trusted relationships and collectively improve the venture ecosystem.

This community is built by junior VCs, for junior VCs. A collaborative board and local grassroots initiatives empower our members to cultivate valuable networks and lifelong friendships.

FOUNDING PRINCIPLES

1. Pre-Partner-First

The community's leadership evolves to meet the specific needs of current members, not the status quo. Chapter leads must be in junior capacities, and our primary intention remains the upliftment of junior VC cohorts.

2. Open Information

We encourage members to share wisdom, connections, and resources in the spirit of reciprocity. This platform facilitates authentic bonds rather than transactional exchanges. We operate on the principle of equal energy: give as much as you take.

3. Ownership

Every member is a stakeholder. We expect active participation and shared responsibility for the community's health and evolution.

THE NEXT GENERATION OF VENTURE CAPITAL

4. Transparency

To maintain a high-quality, sustainable platform, we charge membership dues. We are committed to full transparency regarding budget allocation, prioritizing the use of sponsor funding to keep the community accessible.

LEADERSHIP & GOVERNANCE

NXTVC is organized by City & Sector Chapters. These leads establish the culture, standards, and operating model for their respective regions.

1. **Add section regarding board seats.** The national board will consist of 5 seats, with the original seats consisting of Zoe, Peri, Daisy, Tyler, and Chase. Each board seat will have a specific role: content, membership (Secretary), chair (President), vice-chair (Vice-President), and budget (Treasurer) leads **[TBD]**.
2. The board will hold meetings every month until voted otherwise to provide updates and co-ordinate the steering of the organization.
3. The board will hold an open session each quarter with all chapter leads invited to maintain transparency, followed by a closed session.

Chapter Lead Standards

Leadership is a service role, not a resume builder. We expect leads to be passionate about supporting peers and facilitating community needs.

- ❖ **Selection:** Leads are selected based on prior recommendations and a board vote, with city-level input.
- ❖ **Accountability:** We understand that community engagement relies on active leadership. Leads who fail to uphold these standards or fulfill their duties will be replaced through a community nomination process.
- ❖ **Incentivization:** We support and promote leaders who demonstrate a commitment to the betterment of the venture capital community.

THE NEXT GENERATION OF VENTURE CAPITAL

CHAPTER LEAD REQUIREMENTS

Eligibility

- ❖ Currently employed at a VC firm (any stage, any sector).
- ❖ Pre-partner title (Associate, Senior Associate, Principal, VP, or equivalent).
- ❖ Minimum of 1 year of experience in venture or related investing.

Responsibilities

- ❖ Host or organize a minimum of 1 in-person event per quarter.
- ❖ Maintain a current local member roster and facilitate cross-chapter introductions.
- ❖ Participate in leadership chapter calls twice a month.
- ❖ Enforce community guidelines within their chapter.
- ❖ Communicate chapter updates and resource needs to the broader committee.

Term & Succession

- ❖ Founding leads serve until 6 months after they become GPs or are no longer able to fulfill their duties.
- ❖ Transition planning is the responsibility of the outgoing lead in coordination with the committee.
- ❖ New leads are subject to majority vote approval.

MEMBERSHIP

Who Can Join

Membership is open to full-time venture capital investors across North America (U.S. and Canada). While partners are welcome to join, they cannot hold chapter lead positions.

Community Platform

NXTVC is centralized on a Slack channel managed by the organization. The workspace is segmented by verticals, locations, and sub-communities to keep discussions relevant and high-signal.

Dues

Annual membership dues are to be determined by the board when appropriate. An annual budget breakdown and projections are published annually and distributed to all members. Sponsorship will be secured when possible.

THE NEXT GENERATION OF VENTURE CAPITAL

USE OF PROCEEDS

Funds generated by NXTVC are reinvested directly into the community:

- ❖ **Events & Programming:** Dinners, panels, deal sessions, city meetups and an annual national summit.
- ❖ **Operations:** Community tools, communication platforms, and administrative costs.
- ❖ **Content & Resources:** Shared deal templates, market maps, and educational materials.

COMMUNITY RULES

The following rules are non-negotiable:

- 1. Respect Confidentiality:** Information shared regarding deals, firms, or careers is shared in trust. Do not share externally without explicit permission.
- 2. Treat Everyone as a Future GP:** You will likely co-invest with, work for, or hire from this community. Act with the long-term view in mind.
- 3. Zero Tolerance:** Harassment, discrimination, or behavior that compromises the safety or dignity of any member will result in immediate removal.

AMENDMENTS

Guidelines may be amended by a majority vote of the Founding Committee. Members will be notified of material changes. Suggestions for updates can be submitted to any chapter lead. No single person has unilateral control over NXTVC. Decisions on strategy, budget, and membership require a majority of the Founding Committee. If a founding committee member becomes unresponsive for more than 30 days without prior notice, the remaining committee may act without their input and initiate a replacement process as needed.

For Sponsors:

Hello xxx,

I am reaching out to share a new pre-partner VC community I am co-building.

As you are well aware, pre-partner investors need to build up a trusted network in hopes of becoming the next generation of GPs or entrepreneurial ecosystem leaders. A group of emerging junior VCs are coming together to host a VC community supporting the next generation, built by the next generation.

This is where you come in! We are looking for founding sponsors to help us scale the community. We plan to introduce member dues once we've proven clear ROI, but in this build phase we're seeking a small group of founding sponsors to help us ramp up a large Slack community and in person events in major cities across the country, and as we continue to scale.

I wanted to see if you are interested in a founding sponsorship for NXTVC. We are happy to work with you to see what your goal is, and how we can achieve it together.

Let me know when you're available to talk live and share more!

Best,

Board members

Zoe van den Bol, Alpha Partners

Chase, 7GC

Daisy

Email to new members

Hello xxx,

I wanted to share with you an initiative I've been working on with a few of my junior investor friends from across the U.S. We are launching NXTVC, a pre-partner community for the next generation of venture capital investors and entrepreneurial ecosystem leaders.

I wanted to invite you to join the community, and to share with other pre-partner investors who you think would benefit from connecting with the next generation of leaders. I would also love to hear any ideas and programming you would like to see for the upcoming year.

Thank you,
XYZ
